Swimmer Name _____

Each swimmer pays a splash fee to enter a meet in addition to the entry fee for individual events and relays. The total cost of each meet is approximately \$30.00. Please total the number of meets you plan to attend and multiply by \$30. Attach a check for that amount to this reservation form and return with registration materials. If entry fees for your swimmer are over the amount paid, you will be billed. All extra monies will be kept in your account to be used for future swims. **If your meet entry account falls below zero for 2 consecutive months, your swimmer will not be entered into future meets until this balance is rectified.**

Prior to each meet, you will have a chance to add/drop a meet 3 weeks before the meet begins. Once meet entries have been submitted to the host team, we cannot issue refunds if you decide not to swim the meet. If you cancel your entries after they have been submitted and your swimmer has been assigned to a relay that then must be forfeited, you will be charged for the entire relay's entry fee.
